The Energizer® Ultimate® 1AA LED Flashlight has a wealth of high-tech features. The pushbutton tail-switch regulates brightness with the touch of a finger. Pulse width modulation maximizes battery life, allowing 11 hours of runtime on a low light setting. The shatterproof lens is coated with S500 Poly(organo) siloxane for superior hardness and weathering resistance.

In addition the light boasts convenience features like a sturdy belt clip, a comfortable hand grip and an automatic 30-minute shutoff. Powered by light weight, long-lasting lithium batteries, the ELMCL11L is your lighting choice when only the best will do.

**Before Using Your Flashlight:**  
Please read all instructions and cautionary markings on the package and light
